Attention: Ms. Alice Lui

Dear Alice,

Adhesive Tape Used on Airlines' Containers

I refer to agenda item II) F) of 165th CLG meeting about the use of adhesive tape on airlines' containers.

It is always our preference NOT to use adhesive tape on airlines' ULD because it is very difficult and expensive to remove the dirt.

As discussed, if there is a genuine need to apply adhesive tape, please DONOT use the "brown tape" (see sample per attachment 1). As an alternative, you may use the "masking tape" (see sample per attachment 2).

Please kindly inform your members.

Yours truly,

Albert Lo
CLG Chairman

Attachment: (1) Sample of "brown tape"
(2) Sample of "masking tape"
