

Strengthening Safe Carriage of Lithium Battery Shipment Together

A HAFFA & CLG co-host seminar

22Jan2024

Agenda

Topic	Speaker
Opening - Lithium battery fire risk we are facing, existing and planned mitigations	Calvin Hui, CLG
What is enhanced screening	Florence Lam, Cargo DG and Upstream Quality Manager, Cathay Cargo
Enhanced screening implementation experience sharing	David Chung, Head of Safety and Security, Cathay Cargo Terminal
Enhanced screening implementation experience sharing and how AI can help	Ryan Leung, Managing Director, Vinflair Logistics Limited
Closing	Gary Lau, HAFFA Chairman

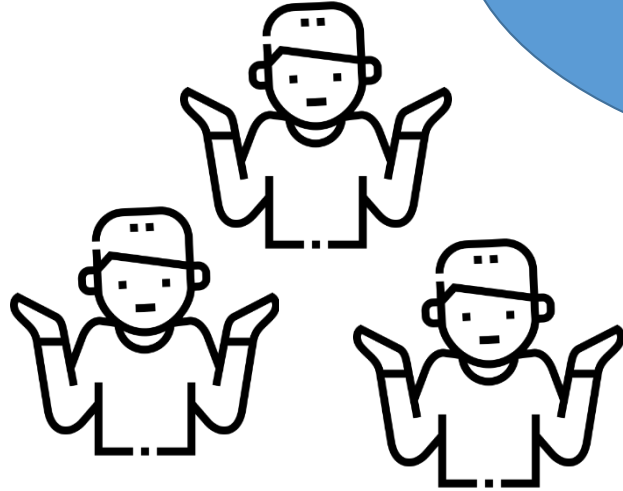

The LB consumers can buy online

And they are not our regular shipper

What regulations?

The risk is real

The industry has been working hard to address

- Thermal imaging technology?
- AI to detect rough handling?
- Fire Resistant Cover / Container?
- Fire Resistant Curtain in Aircraft?
